- Strong patient engagement
- Drives compliance
- Improves outcomes
- Supports Caregivers

ADD ONs

- Revenue Cycle Management
- Telehealth
- Billing
- Patient education
- Electronic Health Record

Your Practice, Our Priority

Healthier, informed patient yield better outcomes. Your RPM program gives your patients evidence, showing the relationship between improved health habits and measured results.

Good for You, Good for Your Patients

Benchmark is committed to your success by paying attention to every detail. Staff and patient training, and workflow management, assures your program is fully compliant with requirements and fully reimbursed.

We will help you improve your MIPS scores and provide you quantified data in support of emerging value-based care initiatives.
